2010 Calendar

***F**or five years, the Luce Policy Institute's Great American Conservative Women Calendar has been a wonderful way to showcase America's top conservative women leaders. Each year, thousands of these calendars are put into the hands of students, supporters, media, and those serving in the military.*

Founded in 1993, the Luce Policy Institute fills a unique and valuable niche within the Conservative Movement, reaching America's young women with conservative ideas and helping them fight back against liberal bias on college campuses. We work closely with young women, preparing them to advance individual freedom, economic liberty, limited government, traditional values, and personal responsibility.

The women featured in this calendar play an integral part in advancing the Institute's mission to prepare and promote conservative women leaders. These outstanding role models do this by speaking to young women at our monthly Conservative Women's Network events, leadership training seminars, mentoring lunches, and our Leading Ladies Campus Lecture Program.

We hope you enjoy the 2010 calendar's theme of vintage American patriotism, and we thank you for all you do to support the Clare Boothe Luce Policy Institute!
